

Name Hashim Fadhil Abbas

Address Iraq, Dhi Qar

Telephone number 07808945365

E-mail hashim.abbas@alayen.edu.iq

Education

Ph.D. degree in physics, remote sensing and image processing approach “ A Texture System Analyzing Based on Spatial Frequency attributed for Image Classification and Segmentation” in Baghdad university 2019-2020

Master degree in physics, remote sensing and image processing approach, “Agricultural Cadastral Map Updating by High Resolution Satellite Images & GIS” in Baghdad university 2012-2013.

Passed the courses of GIS and image processing in Baghdad university 2011-2012.

Equivalent diploma in computer science from Baghdad university computer center (IC3) 2010-2011.

Graduated from Dhi-Qar university, Department of physics 2009-2010.

Experiences

2019-2020 Head of Department of Optics Techniques in Al Ayen University, gives lecture in optic instrument, Biostatics, medical physics.

2017-2019 Lecture in Bilad Al-Rafidain University College, in Radiology Technology Department, Anesthesiology Technology Department, gives lecture in medical physics, medical physics lap.

2015-2017 Lecturer in Baghdad university in physics department, remote sensing and GIS department, gives lectures in physics lap. , optics lap, GIS lap. Remote sensing lap .

2014-2015 Teaching physics & laboratory manager in Alexandria International University in Basra

2013-2014 Lecturer in Imam Ja'afar Al-Sadiq University, Gives lectures in discrete mathematics, project management, and electronic lap.

2014 Business Administration certificate from UNIDO

2010-2013 More than two years working with the GIS unit in Baghdad university

Language Ability

Very good English and Arabic (mother tongue)

Very good in reading and writing and speaking

Other skills

High computer skills (windows environment and application such as office and other programs)

Good working with Arc GIS desktop, 1,2,3

Good working with Microsoft word, Excel, Access

Good working with groups as a team work

Good in solving problems independently
